*Scholarships are not based on academic achievement.* The students chosen are those who have already exhibited their commitment to peace and justice through volunteer work in their own communities, their awareness of nuclear issues, and their plans to use their future education to help create a more peaceful and just world for all. Most turn out to have outstanding academic records as well.

#### These are the requirements:

1. Be a high school senior
2. Complete the application form.
3. Write a brief autobiography of your activities relating to peace and social justice, nuclear disarmament issues, or conflict resolution. Include some proof of these activities (e.g., copies of newspaper articles, verification by your references).

### The NewsCurrents Student Editorial Cartoon Contest

*Contest provides young people with a unique way to express their opinions about current issues. Entering is fun, easy, educational, and rewarding.*

Even though this is a fun contest, we still need to have rules, so here they are:

1. All students are eligible to enter. Students may submit as many cartoons as they wish.
2. Entrants must submit original cartoons on any subject of national or international interest.
3. Each cartoon must have the following printed legibly on the back: the student's name, grade, address, home telephone number, teacher's name, name of school, school address, and school telephone number. How important is this information? Cartoons without it will be disqualified.
5. All cartoons become the property of Knowledge Unlimited, Inc. Cartoons may be used for promotional purposes at our discretion. Basically what this means is we'll try to get the winners in the newspaper and on television. **Good stuff.**
6. Sorry, but we cannot return the cartoons. *So remember to keep a copy for yourself.*
