

Learn how we can help S.P.A.R.K. your student's success in school!!!

Together, we can help your student Ascend to success!!!

Want your student to make a 180° turn in school???

## Wednesday\_January 19th\_6:30-8:00 pm

Greenway High School invites parents and guardians and your **Read 180** and/or **Algebra 1/Math Lab** student to attend a free evening on campus to learn about the many resources available and how you can support your student.

We will begin by offering you and your student dinner in the cafeteria. While there, you will have the opportunity to hear from the teachers and instructional aides on campus who teach the **Read 180** and **Algebra 1/Math Lab** blocks. You will also have the opportunity to tour the **S.P.A.R.K. Center**, **Read 180** classes, and **Math Labs**, as well as learning about Greenway's **A.L.C. lab** and **Infinite Campus**.

### Depending on your student, you will tour sessions on...

**Read 180**-Learn about the Scholastic program our district uses to help freshmen students improve their reading comprehension, fluency, vocabulary, and spelling.

**Math Lab**-Visit one of the Algebra 1/Math Labs which follows the Algebra 1 curriculum, gives our students targeted instruction, and tutorials tailored to his/her needs for improved math performance.

**A.L.C. Lab**-Learn about the lab where Greenway utilizes the latest technology and teacher support to help our students become more successful.

**S.P.A.R.K. Center**-See where your student can go to work on his/her homework and receive tutoring if needed. Meet the instructional aides who can help.

**Parent Portal**- Create an account and learn how to access the website that keeps you up-to-date on grades, assignments, tests, attendance, and more.

Tear and return

Yes, My student and \_\_\_\_\_ parent(s)/guardian(s) will be attending Greenway's Read 180/Math Lab Parent  
1 or 2
